## **ADDENDUM NO. 2**

**Date: August 20, 2012**

**ITB # 13-0401**

### **ITB Title: Vendor and Data Communication Supply**

It is the vendor's responsibility to ensure their receipt of all addenda, and to clearly acknowledge all addenda within their initial bid or proposal response. Acknowledgement may be confirmed either by inclusion of a signed copy of this addendum with the initial bid or proposal response, or by completion and return of the addendum acknowledgement section of the solicitation. Failure to acknowledge each addendum may prevent the bid or proposal from being considered for award.

This addendum does not change the date for receipt of bids or proposals.

**Price Sheet has been revised to reflect Manufacturer Part Numbers. See Revised Price Sheet on page 3 and 4 of this addendum.**

**Question 1:** In section 1.5, it states the term of the contract is for 5 year. It also states that pricing shall prevail for the initial term (5 years). Then it goes on to explain a price adjustment option based on PPI, but the request submitted 30 days prior to the expiration of the current term (which is as stated is 5 years). It then mentions optional terms but doesn't explain the options. Is this a 1 year contract with 4 – (1) year options for a total of 5 years? Please explain this section.

**Answer 1:** The below Sections have hereby been revised or added to read as follows:

### **Section 1.5: Term of Contract – Twelve (12) Months**

This contract shall commence on the first calendar day of the month succeeding approval of the contract by the Board of County Commissioners, or designee, unless otherwise stipulated in the Notice of Award Letter distributed by the County's Office of Procurement Services; and contingent upon the completion and submittal of all required pre-award documents. The initial contract term shall remain in effect for twelve (12) months, and then the contract will remain in effect until completion of the expressed and/or implied warranty period. The contract prices resultant from this solicitation shall prevail for the full duration of the initial contract term unless otherwise indicated elsewhere in this document.

**Section 1.6: Option to Renew for Four (4) Additional One (1) Year Period(s)**

Prior to, or upon completion, of the initial term of this contract, the County shall have the option to renew this contract for four (4) additional one (1) year period(s). Prior to completion of each exercised contract term, the County may consider an adjustment to price based on changes in the following pricing index: PPI. It is the vendor's responsibility to request in writing any pricing adjustment under this provision. The vendor's written request for adjustment should be submitted thirty (30) calendar days prior to expiration of the then current contract term. The vendor adjustment request must clearly substantiate the requested increase. The written request for adjustment should not be in excess of the relevant pricing index change. If no adjustment request is received from the vendor, the County will assume that the vendor has agreed that the optional term may be exercised without pricing adjustment. Any adjustment request received after the commencement of a new option period shall not be considered.

The County reserves the right to reject any written price adjustments submitted by the vendor and/or to not exercise any otherwise available option period based on such price adjustments. Continuation of the contract beyond the initial period, and any option subsequently exercised, is a County prerogative, and not a right of the vendor. This prerogative will be exercised only when such continuation is clearly in the best interest of the County.

Firm Name: \_\_\_\_\_ Date: \_\_\_\_\_

Signature: \_\_\_\_\_ Title: \_\_\_\_\_

Typed/Printed Name: \_\_\_\_\_

**REVISED PRICING SECTION**

The County's actual requirements for voice and data telecommunications infrastructure cannot be firmly quantified and identified in advance of actual needs. Therefore, this is an indefinite quantity contract with no guarantee goods will be required. The County does not guarantee a minimum or a maximum dollar amount to be expended on any contract(s) resulting from this Invitation to Bid.

## Section 1:

Each line item of Section 1 must be filled out in its entirety in order for the bid to be considered.
